

LYNKNEX CX6 LTE

Rugged Bodycam
Solution

LYNKNEX CX6 LTE

Built for demanding environments, the CX6 LTE is a robust smart bodycam that promises durability and reliable performance. Resistant to water & dust, it's designed to withstand even the toughest of work conditions, ensuring your surveillance needs are always met. But it's not just about toughness; the LYNKNEX connectivity, and high-resolution display. These features provide uninterrupted surveillance, real-time data transmission, and clear playback, making it an indispensable tool for any professional requiring accountability and transparency.
